

## Let It Burn

- “Just let it burn”
- Quit trying to escape the fire of transformation.
- The mind of God is for **all people**.
- It is insolence to tell others God loves you more.
- We are to become him, as his offspring.
- You are in a process, get through it!
- The righteous must be kind!
- The fire is to cleanse and purify, not destroy.
- The field is full of wheat and weeds.
- We don't have the power to love God without the ability from God.
- Stop trying to fix other peoples problems!
- Embrace the fire!
- We were created in Christ before time began.
- “You are a good seed”
- In you are two men, their is a carnal man and a spiritual man.
- They will collect out of His Kingdom.

- Fire is used to reveal and refine.
- When the fire comes, **STAY CALM!**
- Have the faith of Christ.
- Let it go and let it burn.
