

## Self Is A Delusion

- Christianity is the counter type of culture.
- What are you fighting to stay alive for?
- Nothing about the kingdom is fair.
- Equality is a moralistic attempt to define something unreal.
- Stop judging other people because He was generous to them.
- Mysticism is not knowing yet still cooperating.
- The greatest is a servant, not the recipient of being served.
- You don't need healing if you're not afraid of dying.
- *"My greatest fear is...."*
- Your greatest fear is your pathway back to God.
- You can only preach the gospel with peace.
- Self centeredness is a very fragile animal.
- We have to help each other in our addictions.
- "God help us"
