

Are You Listening?

- Self denial is not just saying no to something.
- God is not impressed with what you give up.
- “I’m going to change my life.”
- You have to decide to deny it.
- The anti christ spirit is the anti community spirit.
- You will never be happy until you let go of control.
- You don’t have to understand everything in life.
- Fast from the need to understand everything.
- Let go of being in control of everything.
- Every time you chose self you rebuke Jesus.
- Fast from holding people in the past.
- Let Lent get through you.
- What creates the need of self preservation is the abuses of the past I haven’t dealt with.
- Christianity is a discipline.
- God wants you to be your true self.

- “Risk it all.”
- What are you unwilling to relinquish to God?
- “My life is not my own, I’ve been bought with a price”
- You can not multiply what you are not willing to let die.
- Self denial is about making different choices.
- Jesus chose to give in a world that takes.
- You can not worship what you are not willing to follow.
